## Chemical Department

---

Vice-president

### **Yukitaka Nakamura**

---

Mr. Nakamura graduated from the Science University of Tokyo, the Department of Science in March of 1977, and became a registered patent attorney in December of 1984, specializing in physical chemistry, inorganic chemistry, organic chemistry, metallic materials, new ceramics and other chemical fields. His foreign language is English.

### **Nobutaka Yokota**

---

Mr. Yokota graduated from Osaka University, the Department of Engineering Science in March of 1990, and then received the Master of Engineering degree from the same University in March of 1992. Mr. Yokota also received the Master of Business Law degree from the Graduate School of International Corporate Strategy (ICS), Hitotsubashi University in March of 2006. He was registered as a patent attorney in November of 1995. His specialties are biochemistry, genetic engineering, pharmacology, organic chemistry, and other chemical fields. He also handles plant variety protection matters. His foreign language is English.

### **Takeyasu Ito**

---

Mr. Ito graduated from Tokyo Institute of Technology, the Department of Engineering, in 1992 and received the Master of Engineering degree in biotechnology in 1994. He then worked at the other patent firm for 3 years and was registered as a patent attorney in March 1998. His specialties are biochemistry, organic chemistry, chemical engineering, pharmaceuticals, bioprocess engineering, genetic engineering and other chemical fields. He also handles plant variety protection matters. He recently acted as a vice chairperson of Bio-Life Science Committee of the Japan Patent Attorneys Association (JPAA) for two years. His foreign language is English.

### **Takeshi Katada**

---

Mr. Katada graduated from Seikei University, the industrial chemical class in the Department of Engineering in March of 1989, and Meiji University, the Department of Law in March of 2005. He received MBL degree from the Graduate School of International Corporate Strategy (ICS), Hitotsubashi University in March of 2007. He was registered as a patent attorney in January of 1997 and a specific infringement suit attorney at IP law in January of 2006. His specialties are physical, analytical, catalytic, optical chemistry, atomic engineering and other chemical fields in general. His foreign language is English.

## Masaharu Takamura

---

Mr. Takamura graduated from Keio University, the Department of Science and Engineering in March of 1995. He then worked at a patent firm for 3 years and was registered as a patent attorney in January 1999. His specialties include inorganic chemistry, industrial chemistry, physical chemistry, metallurgy, and other chemical fields. He joined Kyowa Patent and Law Office in 1999 and handles patent prosecution, invalidation trial, litigation, and opinion work. His foreign language is English.

## Makoto Asano

---

Mr. Asano graduated from Yokohama National University, the Department of Engineering, in March of 1993, and in 1995 obtained his MSc degree at Tokyo University, where he majored in biotechnology. He worked at the R&D Department of a textile manufacturer for five years. He was registered as a patent attorney in November of 2001. His areas of specialty are organic chemistry, polymer, physical chemistry, molding, and chemistry in general. His foreign language is English.

## Hiroshi Sorimachi

---

Mr. Sorimachi graduated from Meiji Pharmaceutical University, the Department of Pharmacy, in March 1995, and in 1997, he obtained his MSc degree in organic chemistry from Chiba University. He worked at the R&D department of a pharmaceutical company for four years, including a year as a researcher at a laboratory in the United States. He was registered as a patent attorney in January 2003. His areas of specialty are organic chemistry, pharmacy, and chemistry in general. His foreign language is English.

## Michiko Omori

---

Ms. Omori graduated from Tokyo University of Agriculture and Technology, Faculty of Agriculture, in March of 2000 and from its master's course in March of 2002. She was registered as a patent attorney in January 2005. Her specialties are biochemistry, genetic engineering, pharmacology, organic chemistry, and other chemical fields. Her foreign language is English.

## Hiroyuki Fujii

---

Mr. Fujii graduated from Himeji Institute of Technology, the Department of Science, in March of 1999, and in 2001 obtained his MSc degree at Osaka University, where he majored in medical science. He worked at the R&D Department of a cosmetic company for five years. He was registered as a patent attorney in January of 2006. His areas of specialty are biochemistry, genetic engineering, pharmacology and organic chemistry. His foreign language is English.

## Kazumasa Kojima

---

Mr. Kojima graduated from Tokyo Institute of Technology, the Department of Science, in March of 2003. He worked at the Research Institute of Food Technology for four years. He was registered as a patent attorney in April of 2007. His areas of specialty are food chemistry, inorganic chemistry and chemistry in general. His foreign language is English.

## Yasutaka Enoki

---

Mr. Enoki graduated from the Science University of Tokyo, the Department of Engineering, and was registered as a patent attorney in December 2007. He worked at a patent firm for seven years before joining Kyowa Patent and Law Office. His specialties are inorganic chemistry, organic chemistry, manufacturing process of electronic device and other fields of chemistry in general. His foreign language is English.

## Yutaka Morita

---

Dr. Morita graduated from the Faculty of Science, the University of Tokyo in March of 1999, received the Master of Science degree from the University of Tokyo, and then received the Doctoral degree in Medicine from the Graduate school of Comprehensive Human Science, Tsukuba University in March of 2006. He worked for one of the Japanese funding agency for about 5 years. He was registered as a patent attorney in February of 2011. His specialties are biochemistry, tissue engineering, cell biology, genetic engineering, food chemistry, pharmacology, and other fields of biotechnology and chemistry in general. His foreign language is English.

## Yuko Matsuyama

---

Ms. Matsuyama graduated from Tokyo University of Fisheries, Faculty of fisheries, in March of 2003 and from its master's course in September 2005. She worked at the intellectual property section of a University for 4 years before joining Kyowa. She was registered as a patent attorney in April 2011. Her specialties are biochemistry, molecular biology, genetic engineering, pharmaceuticals, fisheries science, marine biotechnology and other chemical fields. Her foreign language is English.

## Mitsuru Hakoda

---

Mr. Hakoda graduated from the Faculty of Engineering, the University of Hiroshima, in March of 2003, received the Master of Engineering degree from the University of Hiroshima, and then received the Master of Science degree from the University of Sussex in the United Kingdom. He was registered as a patent attorney in April 2011. He worked at the development section of an automobile parts manufacturer for four years before joining Kyowa. His specialties are organic chemistry, inorganic chemistry, electrochemistry, biochemistry and other fields of chemistry in general. His foreign language is English.
