## Litigation Department

---

### Manabu Miyajima

---

Mr. Miyajima graduated from the University of Tokyo, the Department of Engineering, in March of 1997. He was admitted to the bar and registered as a patent attorney in Japan in October of 2001. In May of 2008, he received his LL.M. in Trade Regulation from New York University School of Law (Fulbright Scholar). He was admitted in California in June of 2009. His areas of specialization are litigation and contracts relating to intellectual property rights. His foreign language is English.

### Hiroyuki Ohno

---

Mr. Ohno graduated from Kyoto University, the Faculty of Science, in March 2001, from its master's course in March of 2003 and from University of Tsukuba Law School in December of 2011. He was registered as an attorney-at-law and patent attorney in December of 2011. He worked at the intellectual property section of an OA (office automation) equipment company for two years before joining Kyowa. His areas of specialization are litigation and contracts relating to intellectual property rights. In addition, his specialties are solid state physics, magnetism and mechanical engineering in general. His foreign language is English.

### Yasuhiko Takada

---

Mr. Takada graduated from the University of Tokyo, the Department of Engineering, in March of 2000. He was registered as an attorney-at-law and patent attorney in October of 2005. His areas of specialization are litigation and contracts relating to intellectual property rights. His foreign language is English.

### Nobuyuki Kashiwa

---

Mr. Kashiwa graduated from the University of Tokyo, the Department of Pharmacy in March 2002, and from its master's course in March of 2004. He was registered as an attorney-at-law in December of 2008 and a patent attorney in April of 2010. His areas of specialization are litigation and contracts relating to intellectual property rights. His foreign language is English.

### Kenji Yoshitake

---

Mr. Yoshitake worked with the Ministry of Transportation for 6 years after his graduation from Law Department of the University of Tokyo in March of 1963. Since his registration as an attorney at law and a patent attorney in April of 1972, he has specialized in law in intellectual properties and in contracts, litigation and company establishment in particular. One of his major published articles is "Protection of Designs in South-East Asia" (INVENTION, December, 1985). He is currently a mediator and an arbitrator of WIPO Arbitration Center (Geneva). His foreign language is English.
